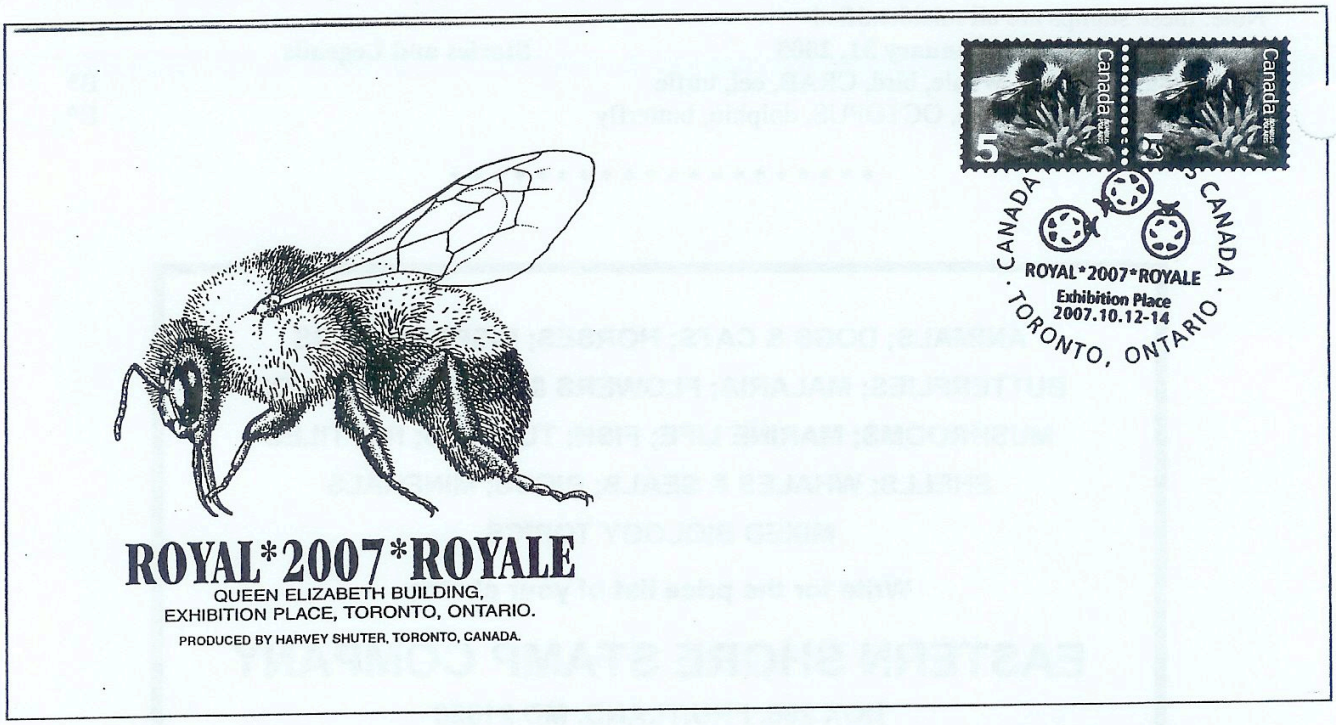
THE NEW CANADIAN INSECT STAMPS

Alan J. Hanks

Shown above is the miniature sheet with the five new Canadian insect stamps (see opposite page) with the popular and scientific names listed. The first day was on October 12 at the ROYAL stamp show.



Cacheted cover designed by Harvey Shuter of Toronto showing the Northern Bumblebee. Mr Shuter also produced a similar cover with the Canada Darner as the cachet and another with the Cecropia Moth, Northern Bumblebee, Convergent Lade Beetle and Canada Darner in full colour as the cachet.
